## Benefizio Riserva 2003

Pomino Bianco Riserva DOC

Benefizio Riserva is the embodiment of the history of Chardonnay in Tuscany, since this grape was introduced on this Tenuta in 1855. In 1878, Pomino was awarded the Gold Medal at the Paris Exposition for the high quality of its wines, in 1973, a vineyard at 700 metres' elevation produced Benefizio, the first white wine in Italy be barrel-fermented, and in 2005 that wine became Benefizio Riserva.

## Climatic trend

At Castello di Pomino, located in an area with a cooler climate than the rest of Tuscany, at the slopes of the Apennine mountain range, the grapes were not affected by the warm temperatures of the summer. The grapes at this estate were harvested 6-8 days earlier than average. Here again, the quantity was just slightly less than average. The Chardonnay grapes from the Benefizio vineyard and those cultivated at higher altitudes, 600-700 meters, were excellent in quality. At the winery, the grapes showed intense and complex fragrances characterized by an excellent structure.

# Tasting notes

The color is a lustrous, pale gold in appearance, with shimmering highlights. A complex suite of aromatics marks the nose, showing vanilla judiciously matched with well-ripened fruit, such as peach and banana. The entry is heady and mouthfilling, with a lovely vein of acidity balancing the alcohol and enlivening the palate's considerable weight.

**Wine pairing:** Vegetable soups, baked sea bream, baked salmon fillet, caviar.
