Cala Forte Rosé 2025

Toscana IGT

Cala Forte Rosé embodies the lively and fresh Mediterranean spirit. Its subtle pinkish hues, accompanied by a maritime bouquet, as well as its delicate persistence and versatility, make it the ideal choice for delicious apéritifs or tasty fish dishes.

Climatic trend

The weather in the area was characterised by a mild and rainy winter. Spring was quite warm, with cooler weather in May to balance out the average. The summer, on the other hand, proved hot but less extreme than in previous years, although June saw rather high temperatures. By harvest time, the grapes were healthy and perfectly concentrated.

Technical notes

Wine Variety: Sangiovese and Syrah
Alcohol content: 12%
Maturation: in steel

Tasting notes

Calaforte Rosé 2025 is a beautiful shade of pale pink. On the nose, it reveals hints of citrus, ripe fruit and beautiful floral notes; on the finish, the notes of aromatic herbs are particularly striking. On the palate, it is savoury, fresh and delicate.

Wine pairing: It pairs perfectly with raw fish, shellfish and seafood, as well as fish starters and main courses. It also complements vegetable crudités and goes well with fresh, soft cheeses.
