Cala Forte Rosso 2021

Maremma Toscana DOC

An authentic expression of the Maremma, this wine is produced under the blazing sun of the hot Tuscan summer. Rich in intense aromas, it is harmonious and lingering. It is very drinkable and pleasant on the palate, perfect with savoury first courses, game and red meat.

Climatic trend

The 2021 vintage was mild overall despite a sharp drop in temperatures in early April. The rainy winter period made it possible to store the water reserves necessary for an excellent vegetative-productive development. Between the end of spring and the whole summer period, temperatures rose, which ensured perfect ripening of the grapes with a splendid aromatic concentration.

Technical notes

Wine Variety: Sangiovese and Merlot
Alcohol content: 13%
Maturation: 5 months in steel and 2 months in a bottle

Tasting notes

Cala Forte 2021 has a beautiful bright ruby red colour. On the nose, aromas are perceived that recall small berries that are well balanced with floral sensations. The spicy, balsamic and Mediterranean scrub notes are also interesting. Good acidity and tannins. Round, full-bodied wine with a nice finish.

Wine pairing: A versatile wine, it is ideal for accompanying red and roasted meats.
