Cala Forte 2020

Toscana Vermentino IGT

Cala Forte is a lively, easy-going Vermentino with a strong Mediterranean character. With its golden hues, striking aroma and fresh intensity, it is a perfect pre-dinner drink or companion to rich fish and white meat dishes.

Climatic trend

The 2020 growing season saw abundant rainfall in autumn, a mild winter and above-average temperatures in spring. This resulted in wonderfully stable growth. The warm, dry weather in summer was offset by sea breezes from the nearby Tyrrhenian coast, which enabled the grapes to ripen well.

Technical notes

Wine Variety: Vermentino
Alcohol content: 12%
Maturation: in steel

Tasting notes

Cala Forte Vermentino 2020 boasts a delicate straw-yellow colour. Its Mediterranean flavour is immediately apparent on the nose, with typical aromatic herbs complemented perfectly by hints of yellow flowers, like broom, and yellow fruit. On the palate, it is savory and the acidity and alcohol content are well balanced.

Wine pairing: The wine is a perfect accompaniment to seafood dishes, vegetable-based main courses and white meats.a
