Cala Forte 2021

Toscana Vermentino IGT

Cala Forte is the Vermentino with an informal and lively character that best interprets the Mediterranean essence. Golden reflections, bold aromas, freshness and intensity. Perfect for aperitifs and paired with tasty fish and white meat dishes.

Climatic trend

The 2021 vintage was mild overall despite some sharp drops in temperatures in early April. The rainy winter period allowed storage of water reserves necessary for excellent vegetative-productive development. Between the end of spring and throughout the summer period temperatures rose again, this mixed with the absence of rainfall and salubrious Mediterranean winds ensured perfect ripening of the grapes with splendid aromatic concentration.

Technical notes

Wine Variety: Vermentino
Alcohol content: 12.5%
Maturation: in steel tanks

Tasting notes

Cala Forte Vermentino 2021 shows a beautiful clear and bright straw yellow color. On the nose typical Mediterranean scents that bring us back to aromatic herbs but also to the freshness of citrus scents. On the palate savory, lively, drinkable and fresh.

Wine pairing: It goes well with fish dishes, shellfish, timbale and vegetable-based pasta dishes.
