Cala Forte 2023

Toscana Vermentino IGT

Cala Forte is a Vermentino with an informal and lively character that perfectly interprets the essence of the Mediterranean. Golden reflections, strong aromas, freshness and intensity. Perfect for apéritifs and paired with tasty fish and white meat dishes.

Climatic trend

The start of the 2023 vintage was characterised by lower than average temperatures and abundant rainfall. Rising temperatures in July brought the year's averages back in line with historical averages. From August until early autumn (grapes continued to ripen into this season), temperatures significantly exceeded historical averages. This, as well as the lack of precipitation, strong solar radiation and warm southerly winds that blew over Tuscany reversed the trend from spring 2023. The harvest featured no rainfall and refreshing sea breezes, thus allowing us to obtain healthy grapes and harvest them at the best time.

On the palate it is savoury, lively, drinkable and fresh.

Wine pairing: It is a perfect match for fish dishes, shellfish, timbales and first courses made with vegetables.
