

Tenuta CastelGiocondo Campo ai Sassi 1998

Campo ai Sassi 1998

Rosso di Montalcino DOC

Campo ai Sassi Rosso di Montalcino displays the same characteristics as Brunello, but in a more youthful, less complicated manner. It is produced from the same grape, Sangiovese, but from vineyards with vines that have very deep roots and yield wines which are aromatic and elegant, and less tannic than the Brunello.

Climatic trend

The intense heat of the summer months provoked a precocious maturation of the berries leading to wines of superior softness and lower acidity. The heavy October rains did not compromise the quality of the grapes, thanks to the "hard" grape skins resulting from the summer heat. The sunshine and constant breeze that shortly followed the rains helped bring the grapes to the winery in a perfect state of health.
