

## Tenuta CastelGiocondo Campo ai Sassi 2010

# Campo ai Sassi 2010

Rosso di Montalcino DOC

Campo ai Sassi Rosso di Montalcino displays the same characteristics as Brunello, but in a more youthful, less complicated manner. It is produced from the same grape, Sangiovese, but from vineyards with vines that have very deep roots and yield wines which are aromatic and elegant, and less tannic than the Brunello.

## Climatic trend

The 2010 harvest concluded on October 20. Spring 2010 was marked by frequent rainstorms, which made life difficult for the viticulturalists with regard to vineyard operations and anti-fungal efforts, but the rain also had the benefit of building up groundwater reserves. The summer months experienced a rather even alternation of decent rains and sunny days. September brought ideal conditions, with cool nights and warm, sunny days right through to the end of the harvest. The upshot was that the vines performed splendidly, and the fruit arrived in the cellar with optimal ripeness levels.
