# CastelGiocondo 2009

Brunello di Montalcino DOCG

CastelGiocondo is produced from an uncompromising selection of the finest Sangiovese grapes, in vineyards whose ideal elevation, well-drained soils, and southwest-facing exposure yield all of the qualities that converge to produce the finest expression of this ancient grape variety. It is an elegant, well-balanced wine of magnificent structure.

## Climatic trend

The balance sheet is strikingly positive, particularly regarding the outstanding quality level of the fruit harvested. Spring 2009, as was the case in previous years, brought endless rainstorms, which severely tested the vineyard staff as they labored to balance vine growth and control pests, but the rain at the same time built up groundwater reserves. June and July, however, brought light levels of rain, which reversed the slowdown in vine growth and brought forward the ripening stage. The vines were thus able to perform at their best, and the grapes ripened slightly early compared to the previous years. September's cool nights and warm, sunny days ensured that this demanding grape variety ripened perfectly and yielded wines of remarkable quality. Favourable growing conditions made it possible to bring into the cellars optimally-ripened grapes with good acid levels and complex aromatics
