# Castiglioni Chianti 2015

Chianti DOCG

Thanks to the favourable soil and climate, Chianti Castiglioni reflects its lands' characteristics as a soft, pleasantly fruity wine noted for its strong and well defined personality.

## Climatic trend

2015 will be remembered for the excellent health and perfect ripening of the fruits, two wonderful results in an already particularly auspicious vintage. Thanks to the warm spring afternoons and the plentiful water reserves stored during the winter, the grapevines began to bud on the third day of April. The scarce rainfall in May and June allowed the young buds to grow in a dry environment, thus avoiding the risk of phytosanitary complications. Hot days in August and September accompanied the ripening and gradual concentration of sugars and polyphenolic compounds within the grapes.
