Castiglioni Chianti 2019

Chianti DOCG

Favourable soil and climate mean that Chianti Castiglioni is a perfect reflection of the characteris-tics of the land - a soft and pleasantly fruity wine noted for its well-defined personality.

Climatic trend

After a rather cold winter with little rainfall, the vines began sprouting around the first week of April. With lower than average temperatures, the spring months caused shoot growth to slow down, delaying all subsequent stages of the plants' natural life cycle. While the grapes ripened later than average when compared to recent years, the excellent weather conditions and decent temperature range allowed the grapes to grow rich in sugars and phenolic compounds during the autumn months.

Technical notes

Wine Variety: Sangiovese and small quantities of Merlot
Alcohol content: 13%
Maturation: Stainless steel - 6 months in vats and 1 month in the bottle

Tasting notes

Chianti Castiglioni 2019 is an intensely fruity wine. It has a bright ruby-red colour with tinges of purple. The bouquet is rich with aromas of cherry, blackberry and wild strawberry followed by elegant Mediterranean scents. On the palate, its soft, elegant and vibrant taste is immediately apparent. The finish is intensely and pleasantly aromatic.

Wine pairing: Full-flavoured dishes such as pappardelle pasta in a meat sauce, as well as roast chicken, sautéed beef with vegetables, and medium-aged cheeses.
