Tasting notes

Cuvée Voyage boasts a wonderful, clear straw-yellow colour and a persistent perlage. The nose is fragrant with notes of white fruit, such as peach and ripe apple. The complex and multi-faceted fruity character is further enriched by hints of banana and lemon, as well as aromas of white flowers and linden blossom. On the palate, it is tangy, fresh and versatile with a refreshing touch of acidity and a full—but not excessive—body. The finish is beautifully balanced. The start of a journey you simply have to share!
