La Torre 2010

Morellino di Scansano DOCG

La Torre Morellino di Scansano, produced from Sangiovese grapes with a small amount of Cabernet Sauvignon, boasts a rich ruby-red and fragrances of ripe fruit, in particular dried plum and dark cherry.

Climatic trend

The 2010 harvest concluded on October 20. Spring 2010 was marked by frequent rainstorms, which made life difficult for the viticulturalists with regard to vineyard operations and anti-fungal efforts, but the rain also had the benefit of building up groundwater reserves. The summer months experienced a rather even alternation of decent rains and sunny days. September brought ideal conditions, with cool nights and warm, sunny days right through to the end of the harvest. The upshot was that the vines performed splendidly, and the fruit arrived in the cellar with optimal ripeness levels.

The palate shows nice body with silky tannin texture well blended in the structure. Sensations of licquorice at the finish.
