# Montesodi 2000

Chianti Rufina DOCG

A cru selection with its initial vintage in 1974, Montesodi is made only in exceptional growing years. It is produced from Sangiovese grown in the Montesodi vineyard, which, at 400 metres' elevation, has always been regarded as the finest on the Tenuta for growing Sangiovese. It yields a rich, intense wine of remarkable aromas.

## Climatic trend

Harvest at the Marchesi de' Frescobaldi estates began this year on August 28th. The grapes, which ripened 7-10 days earlier this year, were harvested in excellent condition and are rich in sugars and polyphenols thanks to a spring with periods of rain, followed by periods of sunshine. A mild summer with sparse rains helped to avoid drought and stress on the vines, and the heat during the second half of August further promoted sugar concentration. The Sangiovese grapes ripened early this year, and are rich in anthocyanins and tannins, with elevated levels of alcohol and low acidity.
