Nipozzano Riserva 1998

Chianti Rufina Riserva DOCG

Nipozzano Riserva Chianti Rufina DOCG is one of the historic wines produced at the Castello di Nipozzano. This wine always retains its close relationship with the Castello di Nipozzano terroir.

Climatic trend

The heat of the summer months provoked a precocious maturation of the berries, thus the wines will be characterized by superior softness and low acidity. Even the Sangiovese which is a variety known to be "rough", will be in '98, softer with velvety tannins.
