# Nipozzano Riserva 2006

Chianti Rufina Riserva DOCG

Nipozzano Riserva Chianti Rufina DOCG is one of the historic wines produced at the Castello di Nipozzano. This wine always retains its close relationship with the Castello di Nipozzano terroir.

## Climatic trend

The 2006 harvest was completed on October 11. The 2006 harvest is very positive, particularly regarding exceptional levels of fruit quality. Castello di Nipozzano, the standard-bearer of Chianti Rufina DOCG winemaking, experienced even and balanced growing conditions, with normal amounts of rain during July and August. The year yielded wines of considerable elegance and outstanding ageing potential. Light rains during the summer provided the vines with enough moisture to undergo veraison (change of colour) without problem. Sunny, crisp, dry days in September and October were crucial in developing in the grapes all of the qualities necessary for the production of wines of unsurpassed quality and fine structure.

## Tasting notes

A purple-flecked, dark red impresses the eye with its richness. The nose first conveys graceful floral notes of sweet violet and a tasty amalgam of sour black cherry, dried plum, and raspberry, which is soon enriched with spicy nuances of vanilla. A notably refreshing crispness marks the entire progression of the wine in the mouth, as well as dense-packed, youthful tannins that are, however, already quite well integrated into the structure. It concludes with a generous, warm finish.

**Wine pairing:** Barbecued meat and beef stews, aged cheeses
