Pomino Vendemmia Tardiva 2006

Pomino Bianco DOC

An amber colour with subtle shades of orange, full-bodied, velvety and creamy, it combines well with herb cheeses and can also be enjoyed by itself as a meditation wine.

Climatic trend

The harvest immediately looked very encouraging, since the growing season had been so favourable. The spring months brought temperate conditions, with little rain and no heat stress; this in turn contributed substantially to sound, healthy fruit. At the end of May there was a sudden drop in temperatures; although it did no damage, the vine growth process was slowed and fruit set affected negatively. The result was looser clusters, with fewer grapes, but the clusters were healthier. July brought high temperatures, but August turned cool, with moderate rainfall, temperature phenomena that ensure, in both red and white grape varieties, excellent concentrations of aromatic compounds, both intense and complex. Light rains during the summer provided the vines with enough moisture to undergo veraison (change of colour) without problem. Sunny, crisp, dry days in September and October were crucial in developing in the grapes all of the qualities necessary for the production of wines of unsurpassed quality and fine structure.

Tasting notes

Appearing a gold yellow, the wine displays emphatic notes of citrus, candied citrus, dried apricot, and orange blossom honey on the nose. In the mouth it is crisp, clean-edged, and velvet smooth, sweet but not cloying, and with a creamy finish enhanced by aromatic nuances of citrus.

Wine pairing: Enjoy it with blue cheeses, particularly Italy's Gorgonzola, or simply sip it on its own. For the adventuresome, pair it with foie gras.
