

Castello Pomino Pomino 2000

Pomino 2000

Pomino Bianco DOC

This superbly elegant and stylish blend of Chardonnay and Pinot Bianco comes from one of Tuscany's greatest white-wine growing areas, grown in vineyards at elevations as high as 700 metres.

Climatic trend

The grapes, of excellent quality, have ripened slightly earlier (7/10 days sooner than usual). The season has been rather difficult; heavy spring rains have induced fungal diseases, that Frescobaldi, however, has been mostly able to prevent, thanks to its pest control management system. Yields were low, between 40 and 60 quintals per hectare, but similar to 1996's in terms of quality. Scarce summer rainfall, accompanied by the use of thinning and pruning techniques, to achieve greater concentration, have had a decisive impact on the low quantity produced. Castello di Pomino white grapes' harvest has also been earlier than usual; Chardonnay has been picked in very healthy conditions.
