Rè mole Bianco 2022

Toscana IGT

The Villa of Remole, in the heart of Tuscany, is the cradle of the Frescobaldi family's 700 years of history and tradition. Remole Bianco makes every moment pleasant with its freshness and delicate fruity notes. Ideal for apéritifs, fish-based first courses and white meats.

Climatic trend

The weather conditions of this vintage were marked by a rather early flowering cycle in the vineyards, in late May. In fact, temperatures typically seen in summer months were recorded in this period. It is no coincidence that summer 2022 will be remembered as one of the longest in recent years. In the first part of the summer period, plant shoots grew and flower clusters set faster than normal, thus offering excellent uniformity in the vineyards. In July, however, the vines adapted to the outdoor environment, slowing down their initial momentum to protect themselves from the summer heat. The timely rain on Assumption Day in mid-August finally resulted in clear musts with a fragrant appearance and taste.
