## Ripe al Convento 1999

Brunello di Montalcino Riserva DOCG

The Ripe al Convento vineyard, lying at 350-450 metres' elevation, yields a wine that is the fruit of painstaking quality selection, first in the vineyard and then on sorting tables in the cellar, where every berry is examined. This Brunello Riserva exhibits a remarkably distinctive personality and significant cellarability.

## Climatic trend

The 1999 growing season was an exceptionally good one in Montalcino. In July the sunny weather kept ripening on schedule, and the few rains in August served to maintain adequate water levels in the vines. September and October were warm and sunny, ensuring good physiological and phenolic maturity. The 1999 Ripe al Convento fruit yielded well-structured, full-bodied wines suitable for lengthy cellaring and at the same time remarkably rounded, with smooth, velvety tannins. For this wine, the vintage is of extremely high quality, comparable to 1997.
