Santa Maria 2019

Morellino di Scansano DOCG

Produced for the first time in 2000. Young and dynamic, Santa Maria Morellino di Scansano is a fresh, soft, fruity wine perfect for every occasion.

Climatic trend

The 2019 growing season varied greatly. After a cold, dry winter, the plants began growing very early, starting in March. The coldest and rainiest period in late spring slowed down the growth of the vines slightly and resulted in the water reserves being restored in preparation for what was to be a hot summer. When the time came to harvest the grapes, the vineyards were in great physiological shape; the decent weather conditions during summer resulted in excellent phenolic ripeness and very healthy grapes, which, while ripening, developed exquisite aromas.

Technical notes

Wine Variety: Sangiovese and Cabernet Sauvignon
Alcohol content: 13,5%
Maturation: 12 months in steel

Tasting notes

Santa Maria 2019 has a beautiful, radiant ruby-red colour. Wide-ranging and elegantly fruity, the bouquet reflects the exquisite quality of this vintage perfectly. The nose begins with hints of dark fruit, like blueberry, and these aromas combine perfectly with those of plum and wild strawberry. It is vibrant, fresh and pleasantly silky-smooth on the palate and fruity aromas, such as candied raspberry, appear once more. After a few minutes, these blend with hints of delicate spices. The overall result is balanced and persistent.

Wine pairing: Stewed meats such as rabbit or chicken, but also great with medium-aged cheese.
