Santa Maria 2020

Morellino di Scansano DOCG

Produced for the first time in 2000. Young and dynamic, Santa Maria Morellino di Scansano is a fresh, soft and fruity wine perfect for every occasion.

Climatic trend

The growing season was marked by abundant rainfall in autumn, followed by a mild winter and above-average temperatures in spring, resulting in surprisingly stable growth throughout our vineyards. While the summer weather was hot and dry, sea breezes from the nearby Tyrrhenian coast mitigated the effect of the daytime temperatures, enabling the grapes to ripen well. When harvested, the grapes were perfect in quality, rich in aromas and had excellent polyphenolic ripeness.

Technical notes

Wine Variety: Sangiovese and Cabernet Sauvignon
Alcohol content: 13.5%
Maturation: 12 months in steel

Tasting notes

Santa Maria 2020 has a beautiful, radiant ruby-red colour. The elegant and wide-ranging bouquet reveals aromas typical of the Sangiovese variety. The nose begins with hints of red fruit, such as red currant and wild strawberry, which combine perfectly with the delicate spices and notes of violet flower. It is vibrant, fresh and pleasantly silky on the palate. The overall result is balanced and persistent. It ends, once more, with hints of small red fruits and very pleasant spiced notes.

Wine pairing: Stewed meats such as rabbit or chicken, but also great with medium-aged cheese.
