700 2017

IGT

700, the skilful, intense and elegant blend of Cabernet Sauvignon and Merlot, stands out for its modern taste without losing its connection to the land it represents.

Climatic trend

The summer of 2017 will be remembered as one of the hottest, which accelerated the plants' phenological phases, leading to the grapes ripening slightly earlier compared to previous years. The balance was re-established in August thanks to the rainfall and lower temperatures, which helped all the substances necessary for a quality product to move to the vines. Quantities were slightly lower compared to the previous year, which led to increased care of the grapes with an excellent final result.

Technical notes

Wine Variety: Cabernet, Merlot
Alcohol content: 13 %
Maturation: Barriques being used for the second and third time - Barriques being used for the second and third time - 8 months - 8 months

Tasting notes

A wine with a bright ruby-red colour. The varied and intense bouquet offers predominantly fruity scents. The leading aromas are reminiscent of raspberry, blueberry and blackberry. These give way to spicy notes of vanilla and cinnamon. On the palate the wine is soft, the freshness beautifully balanced with the alcoholic note. The after-taste is long and persistent, with the fruit preserve notes returning.

Wine pairing: The ideal accompaniment to meat sauce, roasted red or white meat and semi-aged cheeses.
